## Grapefruit and cardamom syrup

**Prepare the grapefruit:** Wash the grapefruit well. Finely grate the zest, leaving the white part intact. Then squeeze the grapefruit to extract the juice.

**Heat the mixture:** In a saucepan, combine the water, sugar, grapefruit zest, juice and crushed cardamom pods. Heat over low heat, stirring until the sugar has dissolved. Bring to the boil, then simmer for 10-15 minutes over medium heat.

**Strain and bottle:** Remove the pan from the heat and allow to cool slightly. Strain the syrup and pour into a clean bottle.
