Cookie dough

In your stand mixer, combine the soft soy butter and the icing sugar, the egg and the yolks. Scrape the vanilla bean and add the seeds as well as the sea salt, canola oil and lime zests to the bowl. Once well combined, add the dry ingredients.

Making the cookies

Prepare a baking sheet with a piece of parchment paper. Fill a pastry bag, with the socket of your choice, with the chocolate cookie dough. Make the cookies on the baking sheet, going from left to right, to make it look wavy. Once done, transfer to the oven for about 12 minutes. When you remove them from the oven, zest a lime on top of them to give a nice punch of lime flavor! Enjoy!

Bon appétit!
